Dear Mr. Klein:

Re: Establishment of Operational Surface Water Monitoring Program,
Genwal Coal Company, Crandall Canyon Mine, ACT/015/032,
Folder No. 3 & 4, Carbon County, Utah

Enclosed please find one (1) copy of Genwal Coal Company's plans addressing the commitment to the attached operational surface water monitoring program. The Division is forwarding this copy to update your files and current MRP copies.

The operator is now to begin hydrologic monitoring under an operational frequency rather than the previous "construciton phase" monitoring requirements.

Should you have questions or problems pertaining to this information, please contact me.

Sincerely,

D. Wayne Hedberg
Permit Supervisor/
Reclamation Hydrologist
